taijulislam.st9@gmail.com

EDUCATION

Bachelor of English in Gov't
Titumir College
Gov't Titumir College, 2019-present

SKILLS

I really enjoy working with front end related projects in any latest front-end development technology like React, Next j's, Tailwind CSS, Bootstrap5, Html5, Javascript, Css3, jQuery, etc.

PROFILE

I specialize in building mobile responsive front-end UI applications that connect with API's and other backend technologies. I'm passionate about learning new technologies and understand there is more than one way to accomplish a task. Though I am most proficient in building front-end applications using HTML, CSS, Javascript, and React, I am a quick learner and can pick up new tech stacks as needed. I believe that being a great developer is not using one specific language, but choosing the best tool for the job.

WORK EXPERIENCE

Web Designer and Developer

Startup Company, 2023-present

I am working here as a Web designer and developer. It is a startup company. So, Here i am doing design and developing website by contributing both site like frontend and backend.

Frontend Developer (Intern)

A Small Team, 2021-2023

I worked here as intern to learn new technology and gain experience. In the mean time I contributed with some live project like Circlenomy, jazeeraat. After Intern i worked as Junior Frontend Developer.
